Welcome

On behalf of The Tax Institute and the Organising Committee, it is my pleasure to invite you to attend the 2024 National Superannuation Conference. This year sees the conference heading north to Sydney and it will be held as an in-person event at the Crown Sydney on 31 October and 1 November 2024.

Now in its 12th year the conference has long been recognised as the premier event for tax specialists in the superannuation industry, uniquely dealing with the tax issues impacting both the large fund and self-managed superannuation fund sectors.

It's been another eventful year with numerous changes to digest. Some of these are superannuation tax specific whereas others are broader taxation or superannuation regulatory and industry developments. All of this in an environment of ongoing economic and geopolitical uncertainty.

Our National Superannuation Conference has always been at the cutting edge of the issues facing the industry today and into the future, providing insights and diverse perspectives, to ensure our attendees stay on top of all the latest developments in superannuation, particularly where they relate to tax.

This year's program will again bring together regulators and leading practitioners from the legal, accounting, audit and financial advisory services fields of the superannuation industry. Over two full days they will explore a myriad of tax related challenges impacting the superannuation system, and the opportunities that these might present. The line up of speakers includes leading superannuation and tax experts with the essential blend of knowledge and experience in the practical application of the laws. A mixture of plenary sessions and two streams of breakout sessions are offered. Delegates can pick and choose breakout sessions from either stream.

In addition to the outstanding technical content, the program has been designed to also enable you to network and relax with colleagues and peers, and conference registration includes attendance at the networking function on Thursday 31 October at the Crown Sydney.

I encourage you to register your attendance on or before Friday 4 October to receive the early bird discount and ensure your place.

Finally, I would like to take the opportunity to thank the organising committee for their hard work in putting this exceptional program together.

I look forward to seeing you there.

Brad Ivens, ATI
Chair, Conference Organising Committee
